KIRF: I can recall facts about durations of time.

A duration of time is a measurement between two given times. This could be seconds, minutes, hours, days or even months. This half term, the children will be learning duration of time facts. The aim is for them to recall them instantly.

Year 3—Summer 1

Key Facts

There are 60 seconds in a minute.
There are 60 minutes in an hour.
There are 24 hours in a day.
There are 7 days in a week.
There are 12 months in a year.
There are 365 days in a year.
There are 366 days in a leap year.

Number of days in each month
