

KIRF: I know the 5 times table (x and ÷)

The five times table is a key skill for KS1 learners. They should already be able to count forward and backwards in 5's, now they need to apply that be able to multiplication facts. They should be able to answer these questions in any order, including missing number questions, e.g. $_ \times 5 = 25$.

What can this look like

Concrete

Pictorial

Abstract

2 multiplied by 5 = 10

$2 \times 5 = 10$ $10 = 5 \times 2$

10 divided by 2 = 5

$10 \div 2 = 5$

Questions

What is 5 **multiplied** by 8?

What is 3 **times** 5?

What is 25 **divided** by 5?

How many **groups of** 5 can you make from 10 objects?

Key Vocabulary

Multiply- Adding equal groups a certain number of times, e.g. $5 \times 4 = 5+5+5+5 = 20$.

Can also be referred to as groups of or lots of.

Divide- Sharing or grouping numbers/objects into equal groups, e.g. $10 \div 5 = 2$.

Activity Ideas

5 times table song- Play a 5 times table song in the car when travelling.

Can you beat the calculator? - Ask your child a 5 times table question, see if they can answer it before you type it into a calculator!

How many fingers and toes? - Draw around all of the hands and feet in your household, how many fingers and toes are there altogether?

Skip count - Go outside, use chalk to write the numbers 1-12 in a random order. Jump, skip or hop along the numbers, multiplying each number by 5 as you go.
